

Are you interested in an exciting career opportunity in a supportive innovative healthcare setting?

Harpenden Health Primary Care Network (PCN) is a group of 3 high achieving practices. We aim to provide a patient friendly quality service to our 45,000 patients. We enjoy multidisciplinary teamworking and the opportunities that collaborative working in a PCN provides.

We have a variety of roles available and successful candidates will be fully integrated into our clinical teams providing a holistic approach to acute care, chronic disease management, anticipatory case management and promotion of self-care across the three practices and within the community.

Supporting excellence in the care we provide in accordance with best practice, evidence-based medicine and targets will be essential as part of collective teamworking.

The roles (listed below) are expected to develop over time with engagement and supervision:

- Advanced Paramedics
- Care Co-ordinators
- Clinical Pharmacists
- Dieticians
- First Contact Physiotherapists
- Health & Wellbeing Coaches
- Nursing Associates
- Occupational Therapists
- Physicians Associates
- Podiatrists
- Social Prescribing Link Workers

- ❖ Experience in General Practice would be an advantage but is not essential for some of the roles mentioned above.
- ❖ Full-time and part-time options are available.
- ❖ We look forward to hearing from you. Please contact us for more information.

Contact: **Lucy Bundy (07878 793547)** or **Nazia Mohammed (07737 370518)** to arrange to speak to a member of the clinical team, arrange a visit and/or queries regarding submitting an application.

Alternatively, the above vacancies are currently LIVE on NHS Jobs: www.jobs.nhs.uk

Closing date for applications is: **8th September 2021.**
